

Ancient Greece

Ancient Greece has a huge impact on our culture. It 10
influences many parts of the United States today. Our 19
country's democratic government was first used by Ancient 27
Greece. They had the first democracy in the world. A 37
democracy is when the citizens of a country choose its 47
leaders. The Ancient Greeks used a form of democracy 56
called a direct democracy. In the United States, we have a 67
representative democracy and elect leaders to vote for us. 76

Ancient Greeks also started the idea of a trial with a 87
jury. The Ancient Olympics originally began in Athens, Greece. 96
We still enjoy the Modern Olympics today. The Ancient 105
Greeks also first created the columns that you see in front 116
of homes and courthouses. You can see examples of columns 126
on many monuments and buildings in Washington, D.C. Ancient 135
Greece also has an important influence on doctors today. In 145
fact, that is where the first medical school was formed. 155
