

The STORM Spotter's Guide

Name: _____
Date: _____

Collect them all!
Watch the sky and make a note if you see these clouds.
Can you spot them all?

Cloud Type	Date I saw it
☐ Cumulus	
☐ Cumulonimbus	
☐ Stratus	
☐ Stratonimbus	

- Write down the city you live in: _____
- From what direction does the wind *usually* blow there? _____
- So, to see the weather coming my way, I can look toward: _____

Is that storm cloud heading your way?
Check the wind to find out!

_____ cloud

- Nice weather—no storm

But this cloud can change!
(See next page)

_____ nimbus cloud

- Brings rain and lightning
- Storm lasts under an hour

Is it coming your way?
(See pages 5-6)

_____ cloud

- Gloomy skies—but no storm

But this cloud can change!
(See next page)

_____ nimbus cloud

- Brings rain
- Storm can last all day

Is it coming your way?
(See pages 5-6)
